COMPLAINTS

For issues related to student/resident welfare in the hostel, all are welcome to contact the Warden(s) (email: hostel.warden@iitgn.ac.in). They can either send an email or meet them in person with a prior appointment - however, it is advised that students meet the wardens during the dedicated *Warden Hours* to discuss their complaints. Please use forms for various types of complaints, posted on the internal website (Student Affairs page). For maintenance related issues, residents can lodge their complaints online at maintenance.iitgn.ac.in. The complaints are normally attended to within 48 hours. However, if there is a delay, the students may contact the Welfare Secretary and Mr Darshan Patel (Junior Assistant, Student Affairs Office, Beauki Hostel).

VISITORS

(Anyone who is not a regular IIT Gandhinagar Student)
Considering the sensitivities of the students, visitors of the opposite gender are not allowed inside the hostel rooms at any time. However, visitors of the opposite gender are allowed in the hostel common rooms and common areas. Parents are the only exception to this norm if the roommates (in the case of a shared room) have no objection. You are allowed to host guests in the hostel with prior permission from the hostel warden. If the visitor is staying back after 12.00 AM, it will be considered an overnight stay. Prior permission is needed from the warden through the student Welfare Secy for the visitor's overnight stay. All visitors are required to enter their credentials in the registers kept at the security desk of the corresponding hostel. If the security personnel demand, a valid identity card has to be produced by the visitor(s) for the verification of their credentials. Guest accommodation in the hostels will be provided on a "first come first serve basis". The priority of the guest accommodation will be given to the Institute related activities (conferences, seminars, academic programs, interviews etc.) and urgent medical issues. The normal check-out time for guest accommodation will be 10 AM and check-in time will be 12 PM.

ECOSYSTEM

There are several species of plants, birds and animals on the campus. All are encouraged to protect and preserve the ecosystem and live harmoniously with other species. From time to time, we have challenges with human-animal conflicts which are handled by the Animal Management Committee. Please note that we have presence of dogs in the campus. The Animal Management committee has created designated feeding places for dogs. It is only in these spots that anyone is encouraged to feed dogs for the larger benefit of the community. Feeding or petting of dogs in the hostel premises is strictly prohibited.

MEDICAL EMERGENCY

A detailed list of recommended actions (for a medical emergency situation) has been provided at the notice board of each hostel. First aid boxes have been made available and are kept with the respective security guards of each hostel block. These can be availed for any emergency situation. However, residents are requested to use this facility judiciously and effectively and the first aid box is to be returned to the respective guard after use. Residents are requested to inform the Warden, Student Welfare Secretary or any of the members of the Health Committee regarding any chronic medical conditions that may need special attention. For more details, please refer to the SoP on medical emergency (shared separately through email and available at hostel notice boards).
