List of Publications as of (1 November 2018)

(2) NH Warthi, P Ghosh, AH Chokshi, Approaching theoretical strengths by synergistic internal and external size refinement, Scripta Materialia, 68 (2013) 225
(7) J Liu et al., Correlative characterization on microstructure evolution of Ni-based K403 alloy during thermal exposure, Acta Mater., 131 (2017) 169
(8) O Renk, P Ghosh, R Pippan, Generation of extreme grain aspect ratio in severely deformed tantalum at elevated temperatures, Scripta Mater., 137 (2017) 60
(9) KS Kormout, P Ghosh, V Maier-Kiener, R Pippan, Deformation mechanisms during severe plastic deformation of a Cu-Ag composite, J. Alloy Compounds, 695 (2017) 2285
(13) M Kapp, O Renk, T Leitner, P Ghosh, B Yang, R Pippan, Cyclically induced grain growth within shear bands investigated in UFG Ni by cyclic high pressure torsion, J Mater. Res. 32 (2017) 4317
