

# **IBM delivers cyber security knowledge to IIT-Gians**

Indian Institute of Technology Gandhinagar (IITGn) on Saturday organised a workshop on cyber security. The workshop was organised in association with IBM Bangalore. During the workshop Nayna Jain from IBM spoke on IBM cyber security awareness, a practical perspective. Souradyuti Paul from IITGn presented on 'How cryptography has shaped human civilization: from Julius Caesar to Edward Snowden'. A cyber challenge session was also conducted by Jain, Paul and Anirban Dasgupta from IITGn.
