IITGn signs MoU with Tata Chemicals Ltd

Ahmedabad: The Indian Institute of Technology, Gandhinagar, signed a Memorandum of Understanding (MoU) with Tata Chemicals Ltd (TCL) on Thursday.

It is to collaborate research projects in product wastes, management of cor-

rosion and overall sustainability. The MoU was signed by Surya Pratap Mehrotra, IITGn faculty, and Zarir N Langrana, chief operating officer of Tata Chemicals - India.

IITGn and TCL will share their physi-

cal and organisational infrastructures like Embedded System Laboratories and will also focus on technical and professional expertise for research and development. They aim to explore possibilities in the field of herbal medicine too.
