

**IIT-Gn to host conference on libraries:** Indian Institute of Technology-Gandhinagar (IIT-Gn) will host an International conference on 'Changing Landscape of Science and Technology Libraries' from March 2 to 4. This conference is the first of its kind in the country, devoted to science and technology libraries, and will be held on the institute's campus at Palaj. The objective of the conference is to bring together library professionals and researchers from India and abroad to exchange ideas.
