Unique programme in inventing kickstarts at IITGN

Palaj, Gandhinagar, June 11 (UNI) The maiden intensive six week summer program in inventing, Invent@IITGN kickstarted on Monday at the Indian Institute of Technology Gandhinagar (IITGN), with the additional orientation week for the programme.

The programme, which originated in the US as Invention Factory, is being organized in India for the first time.

The selected 20 students in Invent@IITGN are from IITs across the country including IIT
