
'Moon Man of India' to deliver lecture

Ahmedabad: IIT Gandhinagar's annual tech fest 'Amalthea' will take place on October 20 and 21. On Thursday the organizers released the list of the speakers. The speakers include Dr J N Goswami, chief scientist of Chandrayaan-I project and also part of the Chandrayaan-II and Mangalyaan projects. Other speakers would include Dr Alok Nath De, CTO, Samsung R&D India, Kush Saxena, CTO, MasterCard, Trishneet Arora, ethical hacker, S Siva Kumar, head of industrial design at Royal Enfield and K K Narayanan, MD, Metahelix Life Sciences. The summit would also see activities including exhibition of innovations, workshops and hands-on activities for students. Some of the things visitors will be able to see include pocket sized computers, digital stethoscope, 3D printer, humanoid robots, among others. TNN
