

IIT-G'NGR
Eco-friendly celebrations for faculty, staff & students

WE CELEBRATE HOLI WITH ORGANIC COLOURS AND ENSURE WE MINIMISE WATER USAGE.
— Shriya Arora, second year, IIT-Gn

Holi is a grand affair for the students of IIT Gandhinagar. Since most students stay in hostels, away from their families, they celebrate the festival of colours with their batch mates and faculty members. Shriya Arora, a second year student shares, "I am from Meerut. This is the second year that I'm going to play Holi in my campus." Shriya says that the college ensures that the students celebrate an eco-friendly Holi. "We celebrate holi using organic colours and make sure we minimise the water wastage. The student council organises the holi event. There are lots of sweets and fresh drinks along with some great music. All the students, faculty and staff come together to celebrate holi. We make sure that the festival is celebrated with dignity and there is no rowdy behaviour. The Holi event is a great way to know our college mates and our faculty members," adds Shriya.
